

## EXPLORER II

Oyster, 42 mm, Oystersteel

THIS OYSTER PERPETUAL  
EXPLORER II IN OYSTERSTEEL  
WITH AN OYSTER BRACELET  
FEATURES A WHITE DIAL  
WITH AN ARROW-SHAPED  
24-HOUR HAND AND HOUR  
MARKERS WITH A  
CHROMALIGHT DISPLAY.

Its highly legible dial, extremely resistant Oystersteel and  
waterproofness have made it the watch for the extremes.

## **24-HOUR BEZEL RELIABILITY IN THE TOUGHEST CONDITIONS**

The Explorer II is equipped with an additional 24-hour display; a dedicated hand circles the dial in 24 hours rather than the usual 12, pointing to a fixed bezel with 24 hour graduations.

## WHITE DIAL DISTINGUISHING DAY FROM NIGHT

The Explorer II features a date display, an additional orange 24-hour hand and a fixed bezel with 24-hour graduations, enabling day to be distinguished from night. It became the watch of choice for speleologists, volcanologists and polar explorers. Its hour markers and hands feature a highly-legible Chromalight display with long-lasting blue luminescence.

## **OYSTERSTEEL HIGHLY RESISTANT TO CORROSION**

Rolex uses Oystersteel for its steel watch cases. Specially developed by the brand, Oystersteel belongs to the 904L steel family, alloys most commonly used in high-technology and in the aerospace and chemical industries, where maximum resistance to corrosion is essential.

Oystersteel is extremely resistant, offers an exceptional finish once polished and maintains its beauty even in the harshest environments.

## **THE OYSTER BRACELET ALCHEMY OF FORM AND FUNCTION**

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.

## **THE CYCLOPS LENS** **A MAGNIFYING LENS**

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch's emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.

## **3285 MOVEMENT SUPERLATIVE PERFORMANCE**

The new calibre 3285, a new-generation movement entirely developed and manufactured by Rolex. With 10 patent applications filed over the course of its development, this movement features a Chronergy escapement and a guaranteed power reserve of approximately 70 hours. Like all Rolex Perpetual movements, the 3285 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. The 3285 is equipped with a Parachrom hairspring, offering greater resistance to shocks and to temperature variations. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.

# Specifications

Reference 226570

## MODEL CASE

Oyster, 42 mm, Oystersteel

## OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

## DIAMETER

42 mm

## MATERIAL

Oystersteel

## BEZEL

Fixed, 24-hour graduated

## WINDING CROWN

Screw-down, Twinlock double waterproofness system

## CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

## WATER RESISTANCE

Waterproof to 100 metres / 330 feet

## MOVEMENT

Perpetual, mechanical, self-winding, GMT function

## CALIBRE

3285, Manufacture Rolex

## PRECISION

-2/+2 sec/day, after casing

## FUNCTIONS

Centre hour, minute and seconds hands. 24-hour display. Second time zone with independent rapid-setting of the hour hand. Instantaneous date. Stop-seconds for precise time setting

## OSCILLATOR

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

## WINDING

Bidirectional self-winding via Perpetual rotor

## POWER RESERVE

Approximately 70 hours

**BRACELET**

Oyster, flat three-piece links

**BRACELET MATERIAL**

Oystersteel

**CLASP**

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

**DIAL**

White

**DETAILS**

Highly legible Chromalight display with long-lasting blue luminescence

**CERTIFICATION**

Superlative Chronometer (COSC + Rolex certification after casing)
